

June 2013

Greetings Jeremy Golf and CC Members,

My name is Tom Everett and I am Vice President – Operations for Landscapes Unlimited, the Club's management partner as of May 1, 2013. I would like to thank the Board and the Staff for the wonderful hospitality we have been extended over the past 60 days. You have a wonderful Club and we look forward to helping you achieve the Board's vision for the future of the Club.

One important step in the process is to solicit your feedback on what you feel is going well and in turn, where you feel the Club can do better. Additionally, we want to know what future amenities or services you are interested in should the Club have the opportunity to expand its offerings.

For those of you that have completed the on-line survey, we thank you and for those of you that have not, there is still time. We promise to listen to your feedback, prioritize the future focus and build strategies to capitalize on each opportunity. These strategies will be incorporated into the overall business plan for the Club which is currently in the development process. Please call Alayna at the Club if you need assistance in locating the survey.

Best regards,
Tom Everett

7:00 pm

In The Pier Bar

The golf season is off and running at The Jeremy. There are many fun social and golfing events scheduled for this June. The driving range is now completely open and the golf course is in great condition. We look forward to seeing everyone soon!

The golf shop hours through the summer months are Monday through Sunday 6:30am until 8:00pm. The driving range hours are 12:00pm until 8:00pm on Monday's, 7:00am until 8:00pm Tuesday thru Saturday and 7:00am until 7:00pm on Sunday's. We are happy to leave golf balls for you to hit after 8:00pm Monday through Saturday but we pick the range clean on Sunday nights in preparation for maintenance on Monday morning and ask that you hit your last balls by 7:00pm. We look forward to having everyone out to dial in their games this summer.

Handicap 101

*What do I do if the golf shop is closed and I want to post my score?

You may post in the men's or women's locker rooms, you may post at home on uga.org or you may download the free GHIN app and post on your phone.

*How many holes must I play before I can post a score?

You can post a 9 hole score after 7 holes and an 18 hole score after 13 holes. To do this simply check the scorecard and find the handicap number of the remaining holes. If you are an 18 handicap then you will mark bogey for each of the remaining holes. If you are a 9 handicap you would mark bogey on the remaining holes if they are the 9 handicap or less and you would mark a par if they are higher than the 9 handicap.

*Peer Review

If you would like to conduct a peer review and leave the golf staff information please drop your review in the suggestion box that is located by the handicap computer in each of the locker rooms. The handicap committee will conduct a peer review session at the end of June.

Upcoming Events

The Palmer Cup

Friday, June 21st, Saturday, June 22nd and Sunday, June 23rd
\$35 entry ~ Tee Times ~ Men's Association Match Play Championship

Please sign up with the golf shop or sign up on our website (www.thejeremy.com)

We have some great golf professionals who can help you straighten out a slice or make those five footers more often. Janet, Corey, Ted and Robert have a wealth of knowledge and years of experience in playing tournament golf and in golf instruction. If you are interested in a lesson, please contact any one of our staff and they will look forward to working with you and improving your game.

The golf shop is stocked with some great names like EP Pro, Adidas, Nike, TravisMathew, Foot Joy, Mizuno, Callaway and Oakley. Members always receive at least **25%** off the marked price and we will match the local retail stores prices. We are happy to special order any items that you might be looking for and Kristine would love to help you pick out a new outfit.

Thank you for all of your continued support and if there is anything we can do to make your experience better here at The Jeremy please let us know.

See you on the first tee.

Grounds Committee News...

Thanks to Tom Rhoades and his team, we're off to a great start to the season. There are a few remaining items that the Grounds Team will be focusing on in the coming weeks. They are working on topdressing and seeding damaged areas that have not filled in yet. All of the damaged areas in fairways and collars have been slit seeded. They have begun pulling out the old satellite boxes from around the golf course to convert our irrigation system to narrow band. Bunker edging will continue until it is complete. Lastly, they will be verticutting at a more aggressive depth this week and topdressing lightly.

The Grounds Committee is currently reviewing the golf course fairways and approaches. We've already made some preliminary markings on the front nine with the intent to lower the grass in areas that would allow higher handicap members and guests play from preferred lies. The Committee, Tom Rhoades and Jake Hanley will be reviewing the preliminary markings in the next couple of weeks.

In addition, we will be building a Memorial Garden in front of the clubhouse to honor those members who have passed away. We are going to be planting flowers and would love to have members participate, please contact the Grounds Committee for more details.

The Grounds Committee is pleased to announce the Golf Course Maintenance Standards. This document will provide the membership details of Jeremy's daily maintenance goals as well as Golf Course Etiquette. The Mission Statement of the Golf Course Maintenance Standards is To prepare, preserve and maintain the golf course as the major club asset and to afford the opportunity to provide enjoyment to its members and guests. To protect, understand and fulfill Arnold Palmer's vision and goals for a firm, fast and fair golf challenge for all levels of player abilities.

To plan and execute programs and procedures that maintains a superior golf experience as well as enhances and protects the environment, property and aesthetics of the club.

The objectives will be to maintain the golf course so that excellent playing conditions exist for both the championship and the average golfer. The golf course should play near championship standards, within weather limitations, on a continued basis and at championship standards for certain events. These events will be determined annually by the Golf and Green Committees.

The goal of maintenance is the least amount of interference and inconsistencies as possible. Environmental stewardship and resource management will impact selecting and applying products to the golf course.

These objectives will be met within an overall annual capital and maintenance budget prepared by the Green Committee, General Manager, and Golf Course Superintendent, approved by the Board of Directors.

Please continue to check Jeremy's Facebook page for updates on course conditions. As always, we look forward to an exciting 2013 golf season and look forward to seeing you on the greens.

Stuart Lambert, Grounds Committee

The Jeremy Golf and Country Club Your Footwear Destination

The power for every swing starts with gripping the ground. Upgrade your connection with the ground. Longer and straighter has never been so comfortable.

Check out our great selection of shoes:
Footjoy
Adidas
Ashworth
Ecco
True Links

Footwear in golf has come a long ways in the last few years. There are more options than ever before. The minimalist footwear movement has gained momentum in the golfing industry. The concept, which first gained popularity in running, preaches shoe design and construction that enables the foot to move as if it was essentially barefoot. In

running, supporters say, minimalist shoes lead not only to more efficient form and movement, but fewer injuries. Considering how proper footwork lends itself to a better swing, it's no surprise that minimalist shoe makers have surfaced in golf in recent years. All of the top golf shoe makers have come out with a shoe that supports this

Golf Tips From Corey Wooley, 1st Assistant Professional: *Match play pointers*

The weather is warming up, and the competitive golf season is right around the corner! Stroke play and match play are one of the most common formats for competitive events. Whether you are playing in a friendly match or a high-stakes game, the rules are the same for all types of match play events. Match play rules are covered in the USGA Rules of Golf under Rule 2, but I will cover a rule that is easily misunderstood, as well as basic terms used during match play events.

Rule 2-4. Concession of a Match, Hole, or Next Stroke

A player may concede a match at any time prior to the start or conclusion of that match. *This means that the entire match can be conceded, thus not requiring the further playing of holes, and your opponent would be the victor. In matches where points are awarded for each hole, your opponent would receive the maximum amount possible, and you would receive any points that you earned prior to conceding the match.*

A player may concede a hole at any time prior to the start or conclusion of that hole. *A player may concede a hole at any time before or during the play of that hole, thus giving their opponent the point for that hole. This situation may arise if one player is on the green in 2 while another player is stuck in the trees hitting their 7th shot; they may decide that they are unlikely to beat or tie their opponent who is on the green, and would just pick up at that point and concede the hole to their opponent.*

A player may concede his opponents next stroke at any time, provided the opponent's ball is at rest. The opponent is considered to have 'holed out' with his next stroke, and the ball may be removed by either side. *In most situations this rule will come in play in the form of a 'gimmie'. A player needs to make sure that it is understood that they want their opponent to pick up from where the ball currently rests, and that they are giving them their next stroke as opposed to conceding the hole completely. This can be a tactful play in a Four-ball match play format, because a player could give their opponent a putt that their opponent's partner may have benefited from seeing.*

A concession may not be declined or withdrawn. *If a player gives their opponent a putt, or concedes a hole, that concession cannot be withdrawn by the player giving the concession, or the opponent.*

The following terms are often used throughout the course of a match play round.

Singles: A match played between two opponents, one versus the other.

Four-ball: A match played between two teams of two players, resulting in four balls being in play. This format utilizes better ball scoring, so the better score between partners is then used against their opponents' better score.

All Square: The term used to describe the score of a match that is even.

Dormie: When a player is losing by the same amount of holes that are left to play, they are considered to be dormie.

Halved: A hole is 'halved' when players have tied on a single hole.

Conceded Putt: A putt that is given to an opponent by an opposing player. If a player is laying 3, and their putt is conceded, then they scored a 4 for the hole. The opponent does not have an option of whether to pick up or not, they must take the score that was conceded to them.

Conceded hole: A hole that is won by one of the players announcing that they concede the hole to their opponent. No further play is required on that hole, the hole is won by the player receiving the concession.

Utah Golf Association ~ Tuesday, June 11, 2013

Slade-McMullin Shoot Back-to-Back 66s to Win UGA Women's 4-Ball Title

Jeremy was well represented in the ladies State Best-Ball tournament. Julie McMullin and Rena Slade won, Marie Bambo and Marie Needham came in second in the Championship flight, Jill Candland

and Verna Huiscamp tied for third in the Third flight!

Rina Slade and Julie McMullin shot the best round both days of the first ever UGA Women's Four Ball Championship, back-to-back 66s, and the duo easily won the title by six shots over Marie Needham and Marie Bambo.

There was good participation in the tournament with 41 teams entered and five separate flights of competition. The first round was played at Bonneville and the final round was held at Wingpointe.

UGA Women's Four-Ball Championship First Round at Bonneville Second Round at Wingpointe

Jeremy's Steele DeWald finished top 20 on the PGA CANADIAN TOUR.

The field was comprised of Web.Com and past PGA Players. Steele shot the lowest round of the afternoon group on Friday, in which the winds picked up to 30+ mph winds! He attributes a lot of his performance to all the great playing at Jeremy Ranch Golf Club!

On to Calgary for the next event!

A huge thank-you to Marian Tidwell and Jeanne Lund for our "Garden Party" Spring Social. We had a great attendance to view the fashion show put on by Kristine.

The next responsibility of the Jeremy Ladies' Association is to support the Men's Invitational by supplying volunteers on the course. The invitational will be on July 11th, 12th and 13th. We will need 2 spotters on each par 3 that has a prize and women to work in the two drink trailers. The shifts are 3-4 hours.

The JLA Vice-President, Christina Padan is responsible for getting the volunteers. Please help to make her job easier by signing up for a shift on the board in the Pro Shop. She is also responsible for putting together booze/wine baskets to raffle off at the Men's Invitational. So, please remember to donate a bottle for these baskets. You may leave it with Alayna in the business office. The money from this raffle goes to the Ladies' Invitational.

Thank you for your participation.
